- Contemporary design with stylish fabric color options
- Luxury meets function with these remarkable awnings

# SUNSETTER SERIES

# How SunSetter awnings solve your "too-sunny" deck or patio problem

Is your deck or patio so hot that you stay indoors on warm, sunny days? Are you a lover of the great outdoors, but find yourself stuck inside when the sun is shining because your deck or patio is unbearably hot? A SunSetter awning helps you beat the heat and gives you an outdoor room with a view.

SunSetter awnings even help cut air conditioning bills. SunSetter awnings keep your house cooler in the hot months to reduce energy consumption and the cost of air conditioning. The awning also shades the inside of your home to protect furniture and carpets from fading. And, unlike a fixed roof structure, SunSetter awnings retract in the winter months to allow the sun to warm up your home to help reduce the cost of heating bills.

Have you tried to create shade with a patio umbrella, only to discover that it doesn't really work? Imagine never having to interrupt your dinner party to adjust a clumsy patio umbrella. A SunSetter awning is hasslefree! It stays on your home all year long and conveniently shades your deck or patio with the touch of a button. Extend it out a little. a lot or all the way to create the exact amount of shade you want and need.

Imagine feeling 20 degrees cooler under your SunSetter awning. You can outsmart the weather with a SunSetter awning. The awning cools your deck or patio by as much as 20 degrees. It blocks 99% of harmful UVA and UVB rays so your skin is protected equal to an SPF of 50. Its water-repellent and waterproof fabrics also keep you dry and comfortable through a passing shower.

A SunSetter gives you a great place to relax, enjoy time with your family or entertain guests.

#### **CREATE SOME EXCEPTIONAL COVERAGE!**

## **Motorized and Motorized XL Awnings**

Simple, elegant, and so easy to use, the SunSetter Motorized and Motorized XL awnings open smoothly, quietly, and effortlessly with one touch of the included remote control. These electricpowered SunSetter models have a reliable Somfy motor hidden inside the roller bar. They transform your deck or patio into a beautiful, private "vacation spot," where you and your family will love to spend time, protected from the hot sun, harmful UV rays, and light passing showers. SunSetter Awnings are made with rust-proof, high-quality, aluminum components for strength and reliability ... state-of-the-art lateral arm technology for superior performance and stability ... baked on cream-colored powder paint for a smooth, durable finish ... and a manual crank override is included in case of a power outage. Compare them to any other awning, at any price, and you'll see why SunSetter is America's #1 Awning!

#### FEATURES AT A GLANCE

#### **MOTORIZED:**

Up to 10 ft. 2 in. projection out from house. Widths from 8 to 18 ft. available in SunSetter woven acrylic or laminated fabric. 19 to 20 ft. widths available in SunSetter woven acrylic fabric only.

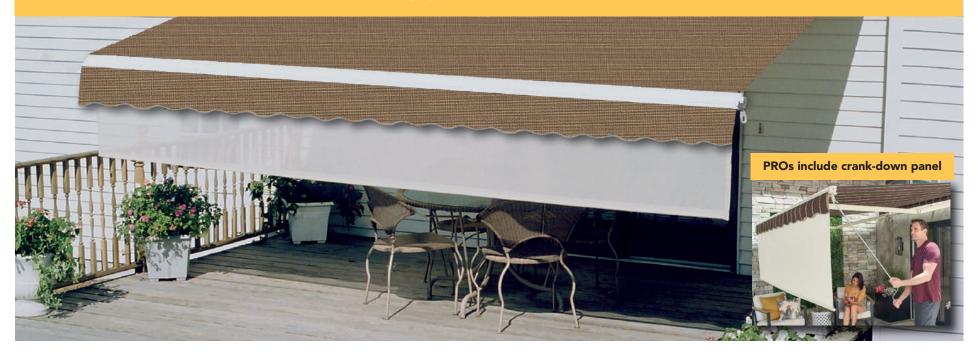

#### MOTORIZED XL:

11 ft. 8 in. projection out from house. Widths from 14 to 20 ft. available in SunSetter woven acrylic fabric only.

#### **OPERATION:**

Somfy® electric motor with remote control and 18 ft. plug-in cord.

#### TAKE YOUR RELAXATION TO A WHOLE NEW LEVEL

# **PRO and PRO XL Awnings**

When your house is too hot from that summer heat wave or your long commute has got you stressed, just ease on out under your SunSetter PRO or PRO XL awning and let all of your troubles melt away. In addition to the ultra-reliable Somfy® motor, one-touch convenience of a remote control, and beautiful woven acrylic fabric, you'll enjoy the built-in Weatherbreaker Panel. It unrolls in seconds, using a simple hand crank (included) to create a comfortable semi-private setting for daytime privacy. The panel drops down a full 5 feet - or can be rolled down partially to any desired position. The built-in Weatherbreaker Panel will block sun and wind all day long! And just like the Motorized and Motorized XL awnings, the PRO and PRO XL come with a manual crank override in case of a power outage.

#### **FEATURES AT A GLANCE**

#### PRO:

Up to 10 ft. 2 in. projection out from house. Widths from 8 to 20 ft. available in SunSetter woven acrylic fabric only.

#### PRO XL:

11 ft. 8 in. projection out from house. Widths from 14 to 20 ft, available in SunSetter woven. acrylic fabric only.

#### **OPERATION:**

Somfy® electric motor with remote control and 18 ft. plug-in cord.

#### TRADE-IN YOUR KITCHEN FOR THE GREAT OUTDOORS

# **Manual and 1000XT Awnings**

The Manual Lateral Model is a non-motorized version of our lateral arm style awnings. Don't need the ease and convenience of our Motorized model, but still like the look of an awning without vertical support arms? Then our Manual Lateral Model is the perfect choice for your home. It opens and closes in less than a minute with a simple hand crank (provided) that anyone can use. It does not require any electricity. The 1000XT Manual Model has adjustable support arms that can be set vertically on the deck or patio surface, or angled back against the house. These arms give the 1000XT exceptional strength and stability—so it's great for areas where wind or passing showers are typical. It opens and closes in 60 seconds with a simple hand crank (provided) to transform your space into your own private vacation spot. The 1000XT Manual Model is our most affordable model and also does not require electricity.

#### **FEATURES AT A GLANCE**

#### MANUAL LATERAL MODEL:

Up to 10 ft. 2 in. projection out from house. Widths from 8 to 18 ft. available in SunSetter woven acrylic or laminated fabric.

#### **MANUAL OPERATION:**

Manual hand crank (included). Operates from the right side of the awning, as you are facing the house.

#### 1000XT MANUAL MODEL:

10 ft. 2 in. projection out from house. Widths from 8 to 20 ft. (even sizes) available in laminated fabric only.

#### **1000XT OPERATION:**

Manual hand crank (included) with adjustable arms.

#### UNWIND IN THE COOL SHADE AFTER A LONG DAY

# **Manual and Motorized Oasis Awnings**

The Oasis gives you the ultimate in flexibility and versatility. Put it anywhere you want for comfortable, cooling shade. Its strong, stable pedestal feet let you put the Oasis on grass, gravel, stone, wood, brickwork or any flat surface. Plus, it closes easily in less than a minute when you want to enjoy the sun! Can't install a regular SunSetter awning on your deck or patio? The SunSetter Oasis is the perfect solution. It provides so much more protection than a typical patio umbrella — it will become your favorite place to relax ever! The Oasis can be left outdoors all year. Just retract it when not in use. The strong rustproof aluminum frame has a handsome baked-on bronze-colored powder paint finish.

#### FEATURES AT A GLANCE

#### MANUAL AND MOTORIZED OASIS:

10 ft. projection from side to side. Widths in 12ft. and 16 ft. only. Available in SunSetter woven acrylic fabric.

#### **MOTORIZED OPERATION:**

24 ft. power cord plugs into any outdoor outlet. Operates by remote control.

#### MANUAL OPERATION:

Operates with a hand crank (included).

# SunSetter Woven Acrylic Designer Color Choices

**Not Available on 1000XT Models** 

# Now it's easier than ever to find the perfect awning for your home...

You'll find the perfect color selection for your awning from our array of designer color choices in woven acrylic fabric! All the vertical stripes and solid colors shown here are created especially for SunSetter using a 100% solution dyed, water-repellent acrylic fabric. Its woven using a strand by strand weaving process that creates rich, warm, vertical stripes and solid colors that cannot be created with our laminated process. In fact, our acrylic fabric has the same superb quality found on many custommade awnings — but without the custom-made price. These designer colors offer beauty and value without compromise, and a wealth of design choices you'll love.

## **Traditional Laminated Color Choices**

Not Available on XL, PRO, or Oasis Models

# Traditional Laminated Fabric with exclusive stripes available only from SunSetter

THE TEXT OF THE PARTY OF THE PARTY OF THE PARTY.

Our traditional laminated fabric is a heavy-duty, 100% waterproof, 5-layer fabric that features 2 thick color pigmentation layers, an inner scrim layer for strength, and two layers of clear coating top and bottom. The protective coating lets the fabric stand up to UV rays and wear and tear. This popular fabric is fade-resistant, and holds its color well. It's also flame and mildew resistant, and easy to clean. Like our acrylic fabric, it will protect your family from 99% of harmful UVA and UVB rays, and passing showers.

\*Traditional Laminated fabrics available in Wave Valance only.

# Want to see how different fabric colors will look on your house?

Just visit **www.sunsetter.com** right now and click on the "See It on Your Home" link. There you'll be able to see how a SunSetter will look on your home by uploading a photo of your house and selecting the colors you're considering.

Your local dealer will also be happy to bring woven acrylic and laminated fabric samples to your home if you schedule a no-obligation, in-home demonstration. You'll find your dealer's telephone number on the special dealer insert included in this package.

# Engineering excellence means your SunSetter awning is built for years of trouble-free service

#### Custom-built features without a custom-built price

#### High quality, custom-built features are standard...

Our strong and durable awnings are built with rust-proof, high-quality aluminum components for strength and reliability...state-of-the-art lateral arm technology for superior performance and stability...baked on cream-colored powder paint for a smooth, durable finish and top-ofthe-line Somfy awning motors in our motorized models.

#### Safe, easy and reliable operation...

They mount onto any kind of siding - brick, stucco, masonry, aluminum, vinyl, and wood siding, and fit almost anywhere, even under low eaves and overhangs! SunSetter awnings are built for years of reliable, trouble-free service. And every SunSetter Series awning is backed by our 5-Year Limited Warranty.

#### Built in the USA using environmentally-friendly technology...

We employ solar energy power that we generate from massive solar panels on the roof of our manufacturing facility in Malden, MA. This clean energy reduces our carbon footprint to help keep our planet cleaner and greener. You'll feel good knowing that you're protected from the harmful rays of the sun by an awning that was made using the beneficial energy of the sun.

#### **CUSTOMER REVIEWS**

#### From Parkersburg, WV:

"We wasted a lot of money buying "Easy Up" style of shade producing products and ALL of them have been destroyed by wind or opening/closing manually. This product has been perfect and we would highly recommend it! "

#### From Boston, MA:

Totally Awesome! Umbrellas just could not give me the right coverage from the rays of the sun or heat. The SunSetter awning gives me enough coverage on my deck, so that my table and chairs fit comfortably under it and my guests are not scurrying for shade. It provides a cool place to sit and relax.

#### Your local dealer has some great installation options...

...such as roof mounting. It's great for installations where you can't mount the awning on a wall or under an eave or overhang. With the addition of an aluminum hood, you'll get excellent permanent protection for the awning, helping to keep it clean and conveniently stored when not in use. The aluminum hood includes a back plate to give your awning extra protection from the elements.

# Want to buy direct from SunSetter, but still need professional installation?

Installing a SunSetter is as easy as 1-2-3! But sometimes having a professional assist with installation can be much more convenient. We can recommend a great independent awning installation company to work with. Just call us at 1-800-876-2340 and one of our customer care agents can set you up!

Step into the shade of the

# PLATINUM SERIES

Our premium line of awnings featuring Sunbrella® Fabrics and the same engineering and excellence as the SunSetter Series.

We've incorporated the comfort, protection, and lasting quality of our awnings, with an enhanced style that's perfect for the sophisticated home.

Stylish fabric options - World-renowned Sunbrella® performance fabric offers unparalleled beauty and protection. A 10-Year Limited Warranty guarantees excellence in craftsmanship and enjoyment for years to come.

Luxury meets function with these remarkable awnings, built right here in America.

# We've crafted the perfect awning to complement your outdoor lifestyle...

- Dine al fresco while your awning cools your deck by up to 20 degrees
- Use your laptop, tablet, or smartphone and browse without any bothersome glare or heat
- Celebrate outside at your next social gathering without worrying about the weather

- Create your own backyard sanctuary where you can decompress after a long day
- Lower the temperature inside your home and prevent carpets and furniture from fading
- Spend time outside, keeping those important to you cool and protected from harmful UV rays

## The PLATINUM PLUS and PLUS XL Awnings

#### Semi-Cassette Motorized

#### Awning Style:

Lateral Arm (arms open and close horizontally under the canopy)

#### Widths & Fabric Options:

PLATINUM PLUS:

14 ft. to 20 ft. in Sunbrella® fabric

PLATINUM PLUS XL:

14 ft. to 20 ft. in Sunbrella® fabric

#### Projection Out From House:

PLATINUM PLUS:

Extends 10 ft. 2 in.

PLATINUM PLUS XL:

Extends 11 ft. 8 in.

#### Minimum Mounting Height:

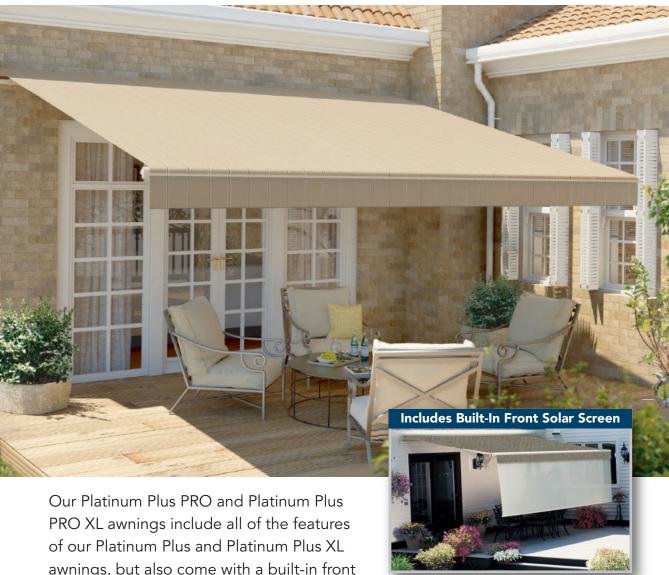

As low as 7 ft. 6 in.

#### Operation:

Somfy® electric motor with remote control and 18 ft. plug-in cord

Our Platinum Plus and Platinum Plus XL are state of the art semi-cassette awnings. When your awning is closed, the fabric is retracted into a permanently-installed aluminum semi-cassette hood that protects your awning all year round from dirt, rain, wind, and snow. The elegant design provides a more contemporary finished look than a traditional uncovered retractable awning, while reducing the wear and tear on your fabric - which means even more years of enjoyment to come! Like all motorized SunSetter awnings, you can retract the awnings back against your house in seconds with our one-touch remote control. The Platinum Plus Series comes with a 10-Year Limited Warranty, which guarantees excellence in craftsmanship.

### The PLATINUM PLUS PRO and PRO XL Awnings

Semi-Cassette Motorized With Front Solar Screen

#### Awning Style:

12 ft. - 20 ft. width: extends 10 ft. 2 in.

PLATINUM PRO XL:

Extends 11 ft. 8 in.

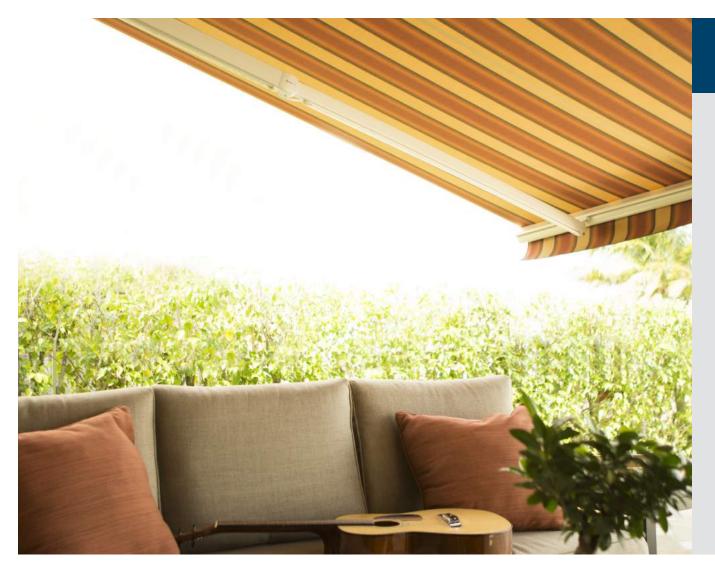

#### Minimum Mounting Height:

As low as 7 ft. 6 in.

#### Operation:

Somfy® electric motor with remote control and 18 ft. plug-in cord

Our Platinum PRO and Platinum PRO XL awnings include all of the most popular features as standard: an ultra-reliable Somfy® motor and the one-touch convenience of a remote control. Plus, it has the added benefit of a built-in front solar screen to block 90% of the sun and glare. The cream-colored screen unrolls to a maximum of 5 feet in seconds using a simple hand crank (included) to create a comfortable semi-private setting that you and your family will enjoy all summer long. It's perfect for Western and Southern exposures.

#### Manual

#### Awning Style:

Lateral Arm (arms open and close horizontally under the canopy)

#### Widths & Fabric Options:

8 ft. to 18 ft. in Sunbrella® fabric

#### Projection Out From House:

8 ft. width: extends 7 ft.

10 ft. - 11 ft. width: extends 9 ft.

12 ft. - 18 ft. width: extends 10 ft. 2 in.

#### Minimum Mounting Height:

As low as 7 ft. 6 in.

#### Operation:

Manual hand crank (included) operates from the right side of the awning as you face the house

This manually-operated version of our Platinum awning is perfect if you don't need the ease and convenience of our one-touch remote control. It opens and closes in less than a minute with a simple hand crank (provided) that anyone can use. The Platinum Manual awning does not require any electricity. It's a fantastic awning that will have you enjoying countless outdoor activities on your deck or patio, rain or shine.

Don't waste another minute cooped up indoors... It's time you reclaim your "too-hot" "too-sunny" deck or patio and start enjoying life outdoors protected by a beautiful SunSetter awning! When you compare all of the features and benefits of a SunSetter, you'll understand why SunSetter owners say it's such a great value!

#### PLATINUM SERIES

## DESIGNS
